## HOWISON IS EXCUSED

Not Eligible to Sit on the Schley  
Court of Inquiry.

## HE TALKED TOO MUCH

Evidence Was Introduced Showing That  
Admiral Howison Was a Friend  
of Admiral Sampson and  
Against Admiral Schley.

Washington, Sept. 13.—Within three hours from the time of convening the Schley court of inquiry yesterday it was announced that Rear Admiral Howison was disqualified from serving as a member of the court and was excused from further duty. This brought proceedings to an abrupt termination and caused a temporary adjournment of the court in order to permit the navy department to designate an officer to succeed Admiral Howison.

A salute of 17 guns, in honor of the admiral of the navy marked the opening of the proceedings at 1 o'clock. The first skirmish was opened by Admiral Schley rising from his seat and speaking in a strong voice, calmly and deliberately challenged Admiral Howison's eligibility as a member of the court.

Three witnesses were brought forward in support of this challenge, namely Francis S. Frost, W. E. Spon and Foster Nicholls. They gave very positive testimony as to the expressions they had heard Admiral Howison make favorable to Admiral Sampson and unfavorable to Admiral Schley.

Mr. Frost testified to a statement Admiral Howison had made to him at Boston while the witness was seeking news as a reporter. Mr. Spon to remarks made while he and the admiral were journeying back to this country from Europe, and Mr. Nicholls' conversation occurring during a business call at Admiral Howison's private residence at Yonkers, N. Y.

Admiral Howison announced that he would make a writ of rejoinder to the statements of the three witnesses. This rejoinder he prepared very speedily. While conceding the accuracy of some points in the evidence it threw considerable doubt on other points and disclaimed any recollection of the talks said to have taken place on the transatlantic steamer. His proof was not sufficient, however, to counteract the very direct testimony given by the three witnesses and, moreover, the admiral himself, in concluding his statement, indicated plainly that he had no desire to remain on the court and was there simply in obedience to orders. He even appealed to his associates on the court to decide all doubtful questions as to his eligibility in favor of Admiral Schley.

Admiral Dewey briefly announced that the court sustained the challenge and that Admiral Howison would be excused from further attendance. Admiral Dewey then closed the proceedings of the day by announcing that the court would adjourn indefinitely, until the navy department had named an officer to succeed Admiral Howison.

No further session of the court is probable until the early part of next week.

## Former Banker Indicted.

Wichita, Kas., Sept. 13.—William Martindale, vice president of the defunct First National bank of Emporia, was indicted by the grand jury in the United States district court on 18 separate counts. It is said that his irregularities amount to something over \$100,000. At the time the bank failed, Nov. 16, 1898, Martindale was indicted on 18 counts for the embezzlement of \$100,000 of the bank's funds. Soon after O. S. Cross, president of the bank, committed suicide by shooting himself. The case is still pending, but the last findings of the grand jury will in all probability hasten matters.

## Seized by the Government.

Kansas City, Sept. 13.—A government secret service agent T. M. McManus, seized 32 half-tone cuts in the hands of the Hudson-Kimberly Printing company under the counterfeit money act. These plates were to have been used to illustrate a book brought out by I. W. Hurst of Mexico, Mo., entitled "How to Detect Counterfeit Money." It is against the law to reproduce in any form a facsimile, no matter how imperfect, of currency, coin or postage stamps. Authorities say they will not prefer charges against Mr. Hurst.

## Miss Morrison's Bond Approved.

Topeka, Sept. 13.—A \$4000 bond has been approved for the release of Miss Jessie Morrison from the penitentiary pending the decision of the state supreme court on her appeal from the Butler district court, which sentenced her to five years' imprisonment for killing Mrs. Castle. Miss Morrison will be released at once.

## Killed in a Cider Mill.

Waterloo, Ill., Sept. 13.—Adam Dittman, an employe in a hydraulic cider press for John Mertz, was instantly

killed here. The governor belt of the engine broke and the quick stop of the engine broke the hydraulic press lever, which hit him on the head and killed him. He was unmarried, aged 30 years.

## Torrence Commander-in-Chief.

Cleveland, O., Sept. 13.—Judge Eli Torrence of Minneapolis has been elected commander-in-chief of the Grand Army of the Republic by a unanimous vote of the convention.

## AFRAID OF A MOB.

The Sheriff Afraid to Take Anarchists Through Streets of Chicago.

Chicago, Sept. 13.—Judge Chetlain concluded, early this morning to take up the habeas corpus case of the alleged anarchists in the criminal court building on the north side of the city adjacent to the jail, instead of in the regular courtroom on the south side. The change was made at the request of the sheriff, who stated he was afraid an attempt would be made to take the prisoners if they were taken through the streets by the police. He said the people were excited on account of bulletins from Buffalo as to the serious condition of the president, and it had been reported to him that threats of lynching had been made.

## MOST UNDER ARREST.

Utterances in His Newspaper Considered Grounds for Conspiracy.

New York, Sept. 13.—Johann Most, the most widely known of the New York anarchists, was arrested here on Thursday night. The arrest was made in a saloon over which are the offices of the newspaper. Herr Most objected to the arrest, but to no purpose. He was locked up at police headquarters as "a suspicious person."

Captain Titus refused to allow Most to see any one or to make a statement, the captain declaring he would not allow the prisoner to pose as a martyr before the public.

The complaint against Most which covers five and a half typewritten pages, is based on an article and quotes in full an editorial which Most printed in The Freiheit on Sept. 7. The editorial reads in part:

"The greatest of all follies in the world is the belief that there can be a crime of any sort against despots and their accomplices. Such a belief is in itself a crime. Despots are outlaws, they are inhuman. To spare them is a crime. As despots make use of everything—treachery, poison, murder, etc.—so everything should be employed against them."

Most protested that he had committed no crime and that all that had appeared in his paper were simply opinions in a new guise that had been printed and reprinted and voiced thousands of times in the last 50 years.

## Maggio Bound Over.

Santa Fe, Sept. 13.—Antonio Maggio, the alleged anarchist, has been taken from Silver City to Albuquerque. He refused to divulge anything upon the subject of the president's assassination, although witnesses were present testify that he repeatedly predicted that the president would be assassinated before Oct. 1. He was bound over for hearing on the charge of conspiracy to murder.

## Evidence Against One Man.

Cleveland, Sept. 13.—In a frame building on Broadway in this city detectives have discovered evidence, which while not tending to prove the existence of an anarchist plot against President McKinley, will at least serve to hold one of the men arrested in Chicago. This is Edward Wolciszynsky, formerly of this city.

## Looking for Henry Spies.

Chicago, Sept. 13.—The authorities are searching for Henry Spies, the brother of the man hanged in 1887. He is said to have made several predictions that there would be an uprising and revolution and several of his friends declare he acted in a strange manner when seen last. Spies moved to New York about seven years ago, but some five or six weeks ago he reappeared in Chicago. He secured work with the firm of Newlander, Redick & Co., cigar manufacturers, at 84 Franklin street. He worked for them first as a packer of cigars and then as salesman. About three weeks ago he disappeared and has not been heard from since by the firm. A Dearborn avenue saloon keeper says that he saw him about three days before the president was shot. He is said to have stopped at the Legrand hotel, Kinzie and Wells street, but he has not been there for about two weeks. Letters from Chicago but none from Buffalo or Cleveland await him there.

## Law to Cover Such Cases.

Washington, Sept. 10.—Messrs. Botkin and Bynum, members of the commission to revise and codify the criminal and penal laws of the United States, have taken up the attack upon the life of the president and have been investigating the authorities with the view to preparation of a law making an assault upon the president with intent to murder, cognizable in the courts of the United States and punishable by death. They have prepared a draft of a bill to be submitted to congress making assault

upon the president as felony and punishable by death, what the assault is for the purpose of obstructing operations of the government. It is believed this qualification will have the effect of giving the federal courts jurisdiction in such cases.

## Narrowly Escaped Lynching.

Casper, Wyo., Sept. 13.—Han Wagner, who is said to have expressed sympathy with Czolgosz, was tarred and feathered and ridden out of town on a rail. The citizens who did this warned Wagner that if he should return he would be lynched. Wagner was knocked down and beaten until he became unconscious by men who declared they heard him say that President McKinley got what he deserved, and he (Wagner) was glad of it. Wagner denied that he had made the statement attributed to him, but the citizens decided that the evidence against him was conclusive. Many people want to hang him, but it was finally decided to ride him out of town on a rail after he had received a coat of tar and feathers.

Bloomington, Ills., Sept. 13.—Wes-  
leyan college of this city is in receipt of  
a fortune estimated at \$50,000, through  
the death at Girard, Ills., of Mrs. Hen-  
rietta Cramp, widow of the late Rev.  
Lemuel Cramp, a superannuated clergy-  
man of the Methodist church, who died  
in this city three years ago. The local  
college has held this legacy in trust,  
paying Mrs. Cramp the income as an  
annuity. The use of the money was  
not to be available for college purposes  
until after the death of the widow. Her  
decease enables the trustees to make  
what disposition they see fit. The  
money will be devoted to carrying out  
many improvements which have been  
under contemplation for years, and also  
in enlarging the endowment fund.

tol duel was fought at Miller Creek, Es-  
till county, and as a result Lee Scott, a

ville extension, are dead. Two men  
quarrelled over a trivial matter and  
pulling their pistols began firing simul-

## TEXAS LEGISLATURE.

The House Making Slow Progress on  
Appropriation Bill.

Austin, Sept. 13.—There isn't a ghost  
of a show for the legislature to get the  
general appropriation bill to free con-  
ference this week. Indeed, at the rate  
of progress thus far made, next week  
will be on its last legs before the house  
gets through with the bill.

The progress on the bill when it is ac-  
tually under consideration is very slow,  
and then to further delay matters the  
house has again gone into the investi-  
gation business.

Yesterday morning Representative  
Beaty offered a resolution to investigate  
all the departments in regard to cam-  
paign contributions. He claimed to  
have information concerning one de-  
partment.

The resolution passed and the com-  
mittee began the investigation yester-  
day afternoon with Mr. Love as the  
first witness. The committee suspend-  
ed its investigation until Monday.

The house adjourned to this morning  
and the senate to Monday.

Austin, Sept. 13.—The house this  
morning heard read the second time  
the resolutions introduced by Hender-  
son of Lamar, calling for the investi-  
gation of all departments of the state dur-  
ing the recess by a special committee of  
five members of the house and four sen-  
ators. No action was taken and they  
went over.

The house in committee of the whole  
spent the rest of the session in a discus-  
sion of the amendment cutting out of  
the appropriation bill the item to reim-  
burse Colonel George W. Brackenridge  
\$3564 which he advanced to the univer-  
sity for heating apparatus for the Uni-  
versity hall. The amendment was  
adopted.

The senate was not in session.

**Deposit Will Be Recovered.**

Austin, Sept. 13.—The committee  
consisting of the governor, secretary of  
state and comptroller, authorized by the  
legislature to act in behalf of the state  
in the matter of arriving at a settle-  
ment of the state treasury's affairs with  
the First National bank of Austin, has  
held several meetings, and while noth-  
ing has been given out for publication  
concerning the proceedings of their con-  
ferences, it is understood that the pros-  
pects are highly favorable for the early  
reopening of the bank and that it will  
pay dollar for dollar to the state as well  
as to all other creditors. This informa-  
tion is said to come from members of  
the board.

**Complying With the Law.**

Austin, Sept. 13.—Of the 600 domes-  
tic corporations doing business in Texas  
whose charters were forfeited by the  
secretary of state owing to failure to  
pay the annual franchise tax due on  
May 1, all but 246 have since complied  
with the law in this respect and have  
been reinstated in their rights to do  
business. Of the 100 foreign corpora-  
tions whose right to do business in Tex-  
as was forfeited for the same reason,  
all but 36 have been reinstated.

**Thrown Out of Court.**

Ablene, Kas., Sept. 13.—Judge Moore  
of the district court has decided a case  
of importance to commission houses.  
J. B. Edwards received an order from  
Leonard Tischer to sell 1000 bushels  
of wheat. Tischer put up a margin  
of \$15. Wheat advanced and Edwards  
put up \$30 more to protect the deal. To  
recover this money he sues Tischer. Judge  
Moore sustained a demurrer to the  
plaintiff's evidence, holding that the  
grain was not sold for actual deliv-  
ery, and Edwards, because of his busi-  
ness, could not bring this case into  
court.

**Unknown Man Injured.**

Baldwin, Ills., Sept. 13.—A man was  
found unconscious under the Mobile and  
Ohio railroad bridge, two miles north  
of here, by the section men as they were  
going to work. There is a deep cut  
over the left eye and his face is bruised.  
He has on a good light suit of clothes,  
light straw hat and tan shoes. Upon  
examination there was found on his  
person a revolver, \$5 in money and a  
pocketknife. He was taken to Red Bud  
for medical aid.

## PRESIDENT IS WORSE

Serious Turn Taken in His Condition Last Night.

## REGARDED SERIOUS.

Physicians Were Hastily Summoned and Resorted to Restoratives. It Is Said That the Food Given Him the Cause.

Buffalo, Sept. 13.—The condition of the president is precarious and he has only a fighting chance for his life. His condition at 2:30 o'clock this afternoon was somewhat better than earlier in the day, but the physicians have but little hope.

All realize that only a slender hope remains, and all dread a sudden attack of heart failure which might bring death.

Of all the sad household, only the wife does not know the truth. She surmises that Mr. McKinley is worse, for she was told this morning it would be better for her not to enter the sick chamber. She assented, but it was with a look of mute appeal in her eyes.

The president himself seems to realize his life hangs by a thread, although he has not yet been told how slim his chances are. This morning he looked out of the window when the nurse was adjusting his pillow to keep out the light, he murmured a feeble protest: "It's so beautiful, the trees are so beautiful, I want to see them."

Doctors, it is needless to say are doing all medical science and skill can do to save the president to his country.

Dr. W. W. Johnston of Washington, and Dr. Janeway of New York, two of the most eminent heart specialists of the United States were summoned to lend their skill and counsel and Dr. McBurney, the noted surgeon who left there Thursday, has been recalled. He advanced the theory before he left that his accelerated pulse might be due to after effect of the shock of the first bullet against the breastbone, which is now manifesting itself for the first time.

The president's condition, generally speaking, is fairly satisfactory and upon this is based the hope for his recovery. If the heart action could be controlled and strengthened the crisis now existing would pass, but everything is being prepared for the worst.

Vice President Roosevelt and absent members of the cabinet have been telegraphed for and are speeding here as fast as steam can bring them.

When the sinking spell occurred about 2 o'clock this morning it was feared that President McKinley might expire at any moment, as he did not respond to ordinary stimulants. It was only when recourse was had to the desperate resource of injecting saline solution, which saved Mrs. McKinley's life at San Francisco, into his veins that circulation grew stronger and after an hour he rallied somewhat.

The physicians believe if the president could be carried through tonight there would be hope of his recovery.

The administration of nourishment has been practically discontinued as to the rectum, which is much irritated, and does not retain enemas. Only a small amount of nourishment is retained.

The president is very weak and his heart trouble is not thoroughly understood. It was in belief that Drs. Johnston and Janeway might be of service in elucidating the exact trouble and they were sent for.

The president is in constant danger of a sudden sinking spell and complete collapse.

The president had a sinking spell shortly after 2 o'clock this morning as a result of imperfect heart action. The physicians outside the house were hastily summoned and heart stimulants were administered. Members of the cabinet in the city were sent for and telegrams were sent those elsewhere as well as to Vice President Roosevelt, who is with his family at Tahowus Club in North Woods, near Albany.

Later in the morning the president revived somewhat and bulletins issued after a consultation of physicians gave some hope of recovery.

The first official bulletin, signed by the physicians present, was issued at 9 o'clock this morning and read as follows:

"The president's condition has somewhat improved during the past two hours. There is a better response to stimulants. He is free from pain and is conscious. Pulse, 128; temperature, 99.8.

No official report came from the Milburn house for more than hour and all that could be obtained then was from one of the attending physicians, who said: "The president is now sleeping."

Nothing more was known until 11:50, when Dr. Stockton left the house. He said: "The president is holding his own. That's all I can say."

At noon Dr. Wasdin left the Milburn mansion and when interrogated as to the condition of the president made a remark that puzzled those who ap-

proached him to find out the latest. He said:

"A bulletin will be issued at 2 p. m. Further than that I decline to talk."

At 12:30 the anxiety caused by Dr. Wasdin's remarks was dispelled by a bulletin signed by George B. Cortelyou, secretary to the president. This bulletin was as follows:

"The president's physicians report his condition practically unchanged since the 9 o'clock bulletin. He is sleeping quietly."

The following bulletin was issued by the president's physicians at 2:30 p. m.: "The president has more than held his own since morning, and his condition justifies the expectation of further improvement. He is better than in the past 12 hour."

**The First Sinking Spell.**  
Buffalo, Sept. 13.—The condition of President McKinley at 4 o'clock this morning was considered serious.

The change for the worse came only last night, said to have been caused from the food taken yesterday, which was not properly assimilated and passed.

The food was passed at midnight and physicians believed at that time he had passed the critical state, but shortly after 2 o'clock this morning the president experienced a sinking spell.

The physicians administered restoratives to him with the hope of reviving him.

A general call was sent out to the physicians and the members of the cabinet in the city.

Dr. Park reached the house at 2:30 and shortly after him came Secretaries Hitchcock and Wilson.

The Associated Press was authorized to say President McKinley was critically ill.

At 3 o'clock all the physicians were gathered at the bedside of the president. It was stated that digitalis was being administered to the president.

Several messengers were hurried from the house at 2:45 o'clock this morning and it was understood that they carried dispatches to the absent members of the cabinet and the kin of the president. Additional lights were burning in the Milburn house and the household astir.

Beyond the statement that the president is critically ill no further announcement has been authorized, but it is manifest that the wounded president faces a grave and menacing crisis.

Alarm can be read in the actions of those whose nursing and care he is committed to. The scene about the house is a dramatic one. The attendants could be seen hurrying about behind the unshaded and brightly lighted windows and messengers come and go hastily through the guarded door. Outside half a hundred newspaper correspondents are assembling awaiting news.

Mrs. Newell one of the trained nurses, suddenly called, arrived at 3:15 o'clock this morning. She sprang from an electric carriage and ran down the sidewalk to the house.

**EMMA GOLDMAN.**  
She Said She Would Nurse the President as an Individual.

Chicago, Sept. 13.—Emma Goldman, the anarchist agitator arrested Tuesday, is more content as to her quarters. She was not allowed to see the newspapers Thursday, but when told that the tenor dispatches indicated a lack of evidence against her she smiled and said:

"The gentlemen seem to be coming to their senses." She then added: "I would nurse the president of this country as tenderly as I would a hard working man whose hands were soiled with toil. If I were not in jail and if the people about the president would let me I would nurse him and nurse him well. To me the president is simply a sick man."

"I am a trained nurse and I have the sympathy of a woman, the sympathy of an anarchist for suffering mankind. I would not be an anarchist, I could not be, without sympathy. It is not sympathy for a ruler, but sympathy for the man—the man who suffers, for the wife who suffers. By what I have said I do not mean to retract other statements I have made of my opinion of the president. As a president, my opinion of Mr. McKinley is not very high."

Then she told of nursing back to health a woman who was an intimate friend of a Philadelphia detective on whose testimony she served a term of seven months in 1893.

Miss Goldman denied that there was such a thing as a constitution by which anarchists were governed.

**Where Is John Krunick?**  
Chicago, Sept. 13.—The police have learned of a letter that was written by Czolgosz to a man named John Krunick, at 2226 Oakley avenue. There is no such address. The letter was mailed in Buffalo shortly before he attempted assassination and the postoffice department returned it to Czolgosz. It is said that a man called Monday at a drug store near the address given on the letter and asked the Chicago postoffice by telephone to forward any mail for the Oakley avenue house to some other address. The letter had already been returned to Buffalo. The police are trying to locate this man Krunick.

**Ended His Life With Laudanum.**  
Murphysboro, Ill., Sept. 13.—Bud Gill, formerly a traveling salesman for a St. Louis wholesale liquor house, died here from the effects of laudanum taken with suicidal intent. It is known that Gill was worried over money matters.

## THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."

## HOWISON IS EXCUSED

Not Eligible to Sit on the Schley  
Court of Inquiry.

## HE TALKED TOO MUCH

Evidence Was Introduced Showing That  
Admiral Howison Was a Friend  
of Admiral Sampson and  
Against Admiral Schley.

Washington, Sept. 13.—Within three  
hours from the time of convening the  
Schley court of inquiry yesterday it was  
announced that Rear Admiral Howison  
was disqualified from serving as a mem-  
ber of the court and was excused from  
further duty. This brought proceedings  
to an abrupt termination and caused a  
temporary adjournment of the court in  
order to permit the navy department  
to designate an officer to succeed  
Admiral Howison.

A salute of 17 guns, in honor of the  
admiral of the navy marked the open-  
ing of the proceedings at 1 o'clock. The  
first skirmish was opened by Admiral  
Schley rising from his seat and speak-  
ing in a strong voice, calmly and delib-  
erately challenged Admiral Howison's  
eligibility as a member of the court.

Three witnesses were brought for-  
ward in support of this challenge, name-  
ly Francis S. Frost, W. E. Spon and  
Foster Nicholls. They gave very posi-  
tive testimony as to the expressions they  
had heard Admiral Howison make favor-  
able to Admiral Sampson and unfavor-  
able to Admiral Schley.

Mr. Frost testified to a statement Ad-  
miral Howison had made to him at  
Boston while the witness was seeking  
news as a reporter. Mr. Spon to re-  
marks made while he and the admiral  
were journeying back to this country  
from Europe, and Mr. Nicholls' con-  
versation occurring during a business call  
at Admiral Howison's private residence  
at Yonkers, N. Y.

Admiral Howison announced that he  
would make a writ of rejoinder to the  
statements of the three witnesses. This  
rejoinder he prepared very speedily.  
While conceding the accuracy of some  
points in the evidence it threw consid-  
erable doubt on other points and dis-  
claimed any recollection of the talks  
said to have taken place on the trans-  
atlantic steamer. His proof was not  
sufficient, however, to counteract the  
very direct testimony given by the three  
witnesses and, moreover, the admiral  
himself, in concluding his statement,  
indicated plainly that he had no desire  
to remain on the court and was there  
simply in obedience to orders. He even  
appealed to his associates on the court  
to decide all doubtful questions as to  
his eligibility in favor of Admiral  
Schley.

Admiral Dewey briefly announced  
that the court sustained the challenge  
and that Admiral Howison would be  
excused from further attendance. Ad-  
miral Dewey then closed the proceed-  
ings of the day by announcing that the  
court would adjourn indefinitely, until  
the navy department had named an offi-  
cer to succeed Admiral Howison.

No further session of the court is  
probable until the early part of next  
week.

### Former Banker Indicted.

Wichita, Kas., Sept. 13.—William  
Martindale, vice president of the defunct  
First National bank of Emporia, was  
indicted by the grand jury in the United  
States district court on 18 separate  
counts. It is said that his irregulari-  
ties amount to something over \$100,000.  
At the time the bank failed, Nov. 16,  
1898, Martindale was indicted on 18  
counts for the embezzlement of \$100,000  
of the bank's funds. Soon after C. S.  
Cross, president of the bank, committed  
suicide by shooting himself. The case is  
still pending, but the last findings  
of the grand jury will in all probability  
hasten matters.

### Seized by the Government.

Kansas City, Sept. 13.—A government  
secret service agent T. M. McManus,  
seized 32 half-tone cuts in the hands of  
the Hudson-Kimberly Printing company  
under the counterfeit money act. These  
plates were to have been used to illus-  
trate a book brought out by I. W.  
Hurst of Mexico, Mo., entitled "How to  
Detect Counterfeit Money." It is  
against the law to reproduce in any  
form a facsimile, no matter how imper-  
fect, of currency, coin or postage stamps.  
Authorities say they will not prefer  
charges against Mr. Hurst.

### Miss Morrison's Bond Approved.

Topeka, Sept. 13.—A \$4000 bond has  
been approved for the release of Miss  
Jessie Morrison from the penitentiary  
pending the decision of the state su-  
preme court on her appeal from the But-  
ler district court, which sentenced her  
to five years' imprisonment for killing  
Mrs. Castle. Miss Morrison will be re-  
leased at once.

### Killed in a Cider Mill.

Waterloo, Ills., Sept. 13.—Adam Ditt-  
man, an employe in a hydraulic cider  
press for John Moritz, was instantly

killed here. The governor belt of the  
engine broke and the quick stop of the  
engine broke the hydraulic press lever,  
which hit him on the head and killed  
him. He was unmarried, aged 30 years.

### Torrance Commander-in-Chief.

Cleveland, O., Sept. 13.—Judge Eli  
Torrance of Minneapolis has been elect-  
ed commander-in-chief of the Grand  
Army of the Republic by a unanimous  
vote of the convention.

### AFRAID OF A MOB.

The Sheriff Afraid to Take Anarchists  
Through Streets of Chicago.

Chicago, Sept. 13.—Judge Chetlain  
concluded, early this morning to take  
up the habeas corpus case of the alleged  
anarchists in the criminal court build-  
ing on the north side of the city adja-  
cent to the jail, instead of in the regu-  
lar courtroom on the south side. The  
change was made at the request of the  
sheriff, who stated he was afraid an at-  
tempt would be made to take the pris-  
oners if they were taken through the  
streets by the police. He said the peo-  
ple were excited on account of bulletins  
from Buffalo as to the serious condition  
of the president, and it had been re-  
ported to him that threats of lynching  
had been made.

### MOST UNDER ARREST.

Utterances in His Newspaper Considered  
Grounds for Conspiracy.

New York, Sept. 13.—Johann Most,  
the most widely known of the New  
York anarchists, was arrested here on  
Thursday night. The arrest was made  
in a saloon over which are the offices of  
the newspaper. Herr Most objected to  
the arrest, but to no purpose. He was  
locked up at police headquarters as "a  
suspicious person."

Captain Titus refused to allow Most  
to see any one or to make a statement,  
the captain declaring he would not al-  
low the prisoner to pose as a martyr be-  
fore the public.

The complaint against Most which  
covers five and a half typewritten  
pages, is based on an article and quotes  
in full an editorial which Most printed  
in The Freiheit on Sept. 7. The edi-  
torial reads in part:

"The greatest of all follies in the  
world is the belief that there can be a  
crime of any sort against despots and  
their accomplices. Such a belief is in  
itself a crime. Despots are outlaws,  
they are inhuman. To spare them is a  
crime. As despots make use of every-  
thing—treachery, poison, murder, etc.—  
so everything should be employed  
against them."

Most protested that he had committed  
no crime and that all that had appeared  
in his paper were simply opinions in a  
new guise that had been printed and  
reprinted and voiced thousands of times  
in the last 50 years.

### Maggio Bound Over.

Santa Fe, Sept. 13.—Antonio Maggio,  
the alleged anarchist, has been taken  
from Silver City to Albuquerque. He  
refused to divulge anything upon the  
subject of the president's assassination,  
although witnesses were present testify  
that he repeatedly predicted that the  
president would be assassinated before  
Oct. 1. He was bound over for hearing  
on the charge of conspiracy to murder.

### Evidence Against One Man.

Cleveland, Sept. 13.—In a frame build-  
ing on Broadway in this city detectives  
have discovered evidence, which while  
not tending to prove the existence of an  
anarchist plot against President McKin-  
ley, will at least serve to hold one of the  
men arrested in Chicago. This is El-  
ward Wolciszynsky, formerly of this  
city.

### Looking for Henry Spies.

Chicago, Sept. 13.—The authorities  
are searching for Henry Spies, the  
brother of the man hanged in 1887. He  
is said to have made several predictions  
that there would be an uprising and  
revolution and several of his friends de-  
clare he acted in a strange manner  
when seen last. Spies moved to New  
York about seven years ago, but some  
five or six weeks ago he reappeared in  
Chicago. He secured work with the  
firm of Newlander, Redick & Co., cigar  
manufacturers, at 84 Franklin street.  
He worked for them first as a packer of  
cigars and then as a salesman. About  
three weeks ago he disappeared and has  
not been heard from since by the firm.  
A Dearborn avenue saloon keeper says  
that he saw him about three days be-  
fore the president was shot. He is said  
to have stopped at the Legrand hotel,  
Kinzie and Wells street, but he has not  
been there for about two weeks. Let-  
ters from Chicago but none from Buf-  
falo or Cleveland await him there.

### Law to Cover Such Cases.

Washington, Sept. 10.—Messrs. Bot-  
kin and Bynum, members of the com-  
mission to revise and codify the crim-  
inal and penal laws of the United States,  
have taken up the attack upon the life  
of the president and have been investi-  
gating the authorities with the view to  
preparation of a law making an assault  
upon the president with intent to mur-  
der, cognizable in the courts of the  
United States and punishable by death.  
They have prepared a draft of a bill to  
be submitted to congress making assault

upon the president as felony and pun-  
ishable by death, when the assault is  
for the purpose of obstructing operations  
of the government. It is believed this  
qualification will have the effect of giv-  
ing the federal courts jurisdiction in  
such cases.

### Narrowly Escaped Lynching.

Casper, Wyo., Sept. 13.—Han Wag-  
ner, who is said to have expressed sym-  
pathy with Czolgosz, was tarred and  
feathered and ridden out of town on a  
rail. The citizens who did this warned  
Wagner that if he should return he  
would be lynched. Wagner was knock-  
ed down and beaten until he became  
unconscious by men who declared they  
heard him say that President McKinley  
got what he deserved, and he (Wagner)  
was glad of it. Wagner denied that he  
had made the statement attributed to  
him, but the citizens decided that the  
evidence against him was conclusive.  
Many people want to hang him, but  
it was finally decided to ride him out of  
town on a rail after he had received a  
coat of tar and feathers.

### Legacy for Wesleyan College.

Bloomington, Ill., Sept. 13.—Wes-  
leyan college of this city is in receipt of  
a fortune estimated at \$50,000, through  
the death at Girard, Ill., of Mrs. Hen-  
rietta Cramp, widow of the late Rev.  
Lemuel Cramp, a superannuated clergy-  
man of the Methodist church, who died  
in this city three years ago. The local  
college has held this legacy in trust,  
paying Mrs. Cramp the income as an  
annuity. The use of the money was  
not to be available for college purposes  
until after the death of the widow. Her  
demise enables the trustees to make  
what disposition they see fit. The  
money will be devoted to carrying out  
many improvements which have been  
under contemplation for years, and also  
in enlarging the endowment fund.

### Fatal Kentucky Duel.

tol duel was fought at Miller Creek, Es-  
till county, and as a result Lee Scott, a  
boardinghouse keeper and John Tuett,  
a laborer on the Louisville and Nash-  
ville extension, are dead. Two men  
quarrelled over a trivial matter and  
pulling their pistols began firing simul-

to make a statement. The only wit-  
ness to the tragedy was a man named  
McIntosh, who has been arrested as an  
accessory and is now in jail.

of the treasury has announced that he

## TEXAS LEGISLATURE.

### The House Making Slow Progress on Appropriation Bill.

Austin, Sept. 13.—There isn't a ghost  
of a show for the legislature to get the  
general appropriation bill to free con-  
ference this week. Indeed, at the rate  
of progress thus far made, next week  
will be on its last legs before the house  
gets through with the bill.

The progress on the bill when it is ac-  
tually under consideration is very slow,  
and then to further delay matters the  
house has again gone into the investi-  
gation business.

Yesterday morning Representative  
Beaty offered a resolution to investigate  
all the departments in regard to cam-  
paign contributions. He claimed to  
have information concerning one de-  
partment.

The resolution passed and the com-  
mittee began the investigation yester-  
day afternoon with Mr. Love as the  
first witness. The committee suspend-  
ed its investigation until Monday.

The house adjourned to this morning  
and the senate to Monday.

Austin, Sept. 13.—The house this  
morning heard read the second time  
the resolutions introduced by Hender-  
son of Lamar, calling for the investiga-  
tion of all departments of the state dur-  
ing the recess by a special committee of  
five members of the house and four sen-  
ators. No action was taken and they  
went over.

The house in committee of the whole  
spent the rest of the session in a discus-  
sion of the amendment cutting out of  
the appropriation bill the item to reim-  
burse Colonel George W. Brackenridge  
\$5004 which he advanced to the univer-  
sity for heating apparatus for the Uni-  
versity hall. The amendment was  
adopted.

The senate was not in session.

### Deposit Will Be Recovered.

Austin, Sept. 13.—The committee  
consisting of the governor, secretary of  
state and comptroller, authorized by the  
legislature to act in behalf of the state  
in the matter of arriving at a settle-  
ment of the state treasury's affairs with  
the First National bank of Austin, has  
held several meetings, and while nothing  
has been given out for publication  
concerning the proceedings of their con-  
ferences, it is understood that the pros-  
pects are highly favorable for the early  
reopening of the bank and that it will  
pay dollar for dollar to the state as well  
as to all other creditors. This informa-  
tion is said to come from members of  
the board.

### Complying With the Law.

Austin, Sept. 13.—Of the 600 domes-  
tic corporations doing business in Texas  
whose charters were forfeited by the  
secretary of state owing to failure to  
pay the annual franchise tax due on  
May 1, all but 246 have since complied  
with the law in this respect and have  
been reinstated in their rights to do  
business. Of the 100 foreign corpora-  
tions whose right to do business in Tex-  
as was forfeited for the same reason,  
all but 36 have been reinstated.

### Thrown Out of Court.

Abilene, Kas., Sept. 13.—Judge Moore  
of the district court has decided a case  
of importance to commission houses.  
J. B. Edwards received an order from  
Leonard Tischouser to sell 1000 bushels  
of wheat. Tischouser put up a margin  
of \$15. Wheat advanced and Edwards  
put up \$30 more to protect the deal. To  
recover this money he sues Tischouser.  
Judge Moore sustained a demurrer to  
the plaintiff's evidence, holding that  
the grain was not sold for actual deliv-  
ery, and Edwards, because of his busi-  
ness, could not bring this case into  
court.

### Unknown Man Injured.

Baldwin, Ill., Sept. 13.—A man was  
found unconscious under the Mobile and  
Ohio railroad bridge, two miles north  
of here, by the section men as they were  
going to work. There is a deep cut  
over the left eye and his face is bruised.  
He has on a good light suit of clothes,  
light straw hat and tan shoes. Upon  
examination there was found on his  
person a revolver, \$5 in money and a  
pocketknife. He was taken to Red Bud  
for medical aid.

## PRESIDENT IS WORSE

Serious Turn Taken in His Condition Last Night.

### REGARDED SERIOUS.

Physicians Were Hastily Summoned and Resort to Restoratives. It Is Said That the Food Given Him the Cause.

Buffalo, Sept. 13.—The condition of the president is precarious and he has only a fighting chance for his life. His condition at 2:30 o'clock this afternoon was somewhat better than earlier in the day, but the physicians have but little hope.

All realize that only a slender hope remains, and all dread a sudden attack of heart failure which might bring death.

Of all the sad household, only the wife does not know the truth. She surmises that Mr. McKinley is worse, for she was told this morning it would be better for her not to enter the sick chamber. She assented, but it was with a look of mute appeal in her eyes.

The president himself seems to realize his life hangs by a thread, although he has not yet been told how slim his chances are. This morning he looked out of the window when the nurse was adjusting his pillow to keep out the light, he murmured a feeble protest: "It's so beautiful, the trees are so beautiful, I want to see them."

Doctors, it is needless to say are doing all medical science and skill can do to save the president to his country.

Dr. W. W. Johnston of Washington, and Dr. Janeway of New York, two of the most eminent heart specialists of the United States were summoned to lend their skill and counsel and Dr. McBurney, the noted surgeon who left there Thursday, has been recalled. He advanced the theory before he left that his accelerated pulse might be due to after effect of the shock of the first bullet against the breastbone, which is now manifesting itself for the first time.

The president's condition, generally speaking, is fairly satisfactory and upon this is based the hope for his recovery. If the heart action could be controlled and strengthened the crisis now existing would pass, but everything is being prepared for the worst.

Vice President Roosevelt and absent members of the cabinet have been telegraphed for and are speeding here as fast as steam can bring them.

When the sinking spell occurred about 2 o'clock this morning it was feared that President McKinley might expire at any moment, as he did not respond to ordinary stimulants. It was only when recourse was had to the desperate resource of injecting saline solution, which saved Mrs. McKinley's life at San Francisco, into his veins that circulation grew stronger and after an hour he rallied somewhat. His pulse at one time was almost 140, but a slight rally came and returning hope with it.

The physicians believe if the president could be carried through tonight there would be hope of his recovery.

The administration of nourishment has been practically discontinued as to the rectum, which is much irritated, and does not retain enemas. Only a small amount of nourishment is retained.

The president is very weak and his heart trouble is not thoroughly understood. It was in belief that Drs. Johnston and Janeway might be of service in elucidating the exact trouble and they were sent for.

The president is in constant danger of a sudden sinking spell and complete collapse.

The president had a sinking spell shortly after 2 o'clock this morning as a result of imperfect heart action. The physicians outside the house were hastily summoned and heart stimulants were administered. Members of the cabinet in the city were sent for and telegrams were sent those elsewhere as well as to Vice President Roosevelt, who is with his family at Tahowus Club in North Woods, near Albany.

Later in the morning the president revived somewhat and bulletins issued after a consultation of physicians gave some hope of recovery.

The first official bulletin, signed by the physicians present, was issued at 9 o'clock this morning and read as follows:

"The president's condition has somewhat improved during the past two hours. There is a better response to stimulants. He is free from pain and is conscious. Pulse, 128; temperature, 99.8.

No official report came from the Milburn house for more than hour and all that could be obtained then was from one of the attending physicians, who said: "The president is now sleeping."

Nothing more was known until 11:50, when Dr. Stockton left the house. He said: "The president is holding his own. That's all I can say."

At noon Dr. Wadlin left the Milburn mansion and when interrogated as to the condition of the president made a remark that puzzled those who ap-

proached him to find out the latest. He said:

"A bulletin will be issued at 2 p. m. Further than that I decline to talk."

At 12:30 the anxiety caused by Dr. Wadlin's remarks was dispelled by a bulletin signed by George B. Cortelyou, secretary to the president. This bulletin was as follows:

"The president's physicians report his condition practically unchanged since the 9 o'clock bulletin. He is sleeping quietly."

The following bulletin was issued by the president's physicians at 2:30 p. m.: "The president has more than held his own since morning, and his condition justifies the expectation of further improvement. He is better than in the past 12 hour."

**The First Sinking Spell.**

Buffalo, Sept. 13.—The condition of President McKinley at 4 o'clock this morning was considered serious.

The change for the worse came only last night, said to have been caused from the food taken yesterday, which was not properly assimilated and passed. The food was passed at midnight and physicians believed at that time he had passed the critical state, but shortly after 2 o'clock this morning the president experienced a sinking spell.

The physicians administered restoratives to him with the hope of reviving him.

A general call was sent out to the physicians and the members of the cabinet in the city.

Dr. Park reached the house at 2:50 and shortly after him came Secretaries Hitchcock and Wilson.

The Associated Press was authorized to say President McKinley was critically ill.

At 3 o'clock all the physicians were gathered at the bedside of the president. It was stated that digitalis was being administered to the president.

Several messengers were hurried from the house at 2:45 o'clock this morning and it was understood that they carried dispatches to the absent members of the cabinet and the kin of the president. Additional lights were burning in the Milburn house and the household astir.

Beyond the statement that the president is critically ill no further announcement has been authorized, but it is manifest that the wounded president faces a grave and menacing crisis.

Alarm can be read in the actions of those whose nursing and care he is committed to. The scene about the house is a dramatic one. The attendants could be seen hurrying about behind the unshaded and brightly lighted windows and messengers come and go hastily through the guarded door. Outside half a hundred newspaper correspondents are assembling awaiting news.

Mrs. Newell one of the trained nurses, suddenly called, arrived at 3:15 o'clock this morning. She sprang from an electric carriage and ran down the sidewalk to the house.

**EMMA GOLDMAN.**  
She Said She Would Nurse the President as an Individual.

Chicago, Sept. 13.—Emma Goldman, the anarchist agitator arrested Tuesday, is more content as to her quarters. She was not allowed to see the newspapers Thursday, but when told that the tenor dispatches indicated a lack of evidence against her she smiled and said:

"The gentlemen seem to be coming to their senses." She then added: "I would nurse the president of this country as tenderly as I would a hard working man whose hands were soiled with toil. If I were not in jail and if the people about the president would let me I would nurse him and nurse him well. To me the president is simply a sick man."

"I am a trained nurse and I have the sympathy of a woman, the sympathy of an anarchist for suffering mankind. I would not be an anarchist, I could not be, without sympathy. It is not sympathy for a ruler, but sympathy for the man—the man who suffers, for the wife who suffers. By what I have said I do not mean to retract other statements I have made of my opinion of the president. As a president, my opinion of Mr. McKinley is not very high."

Then she told of nursing back to health a woman who was an intimate friend of a Philadelphia detective on whose testimony she served a term of seven months in 1893.

Miss Goldman denied that there was such a thing as a constitution by which anarchists were governed.

**Where Is John Krunick?**

Chicago, Sept. 13.—The police have learned of a letter that was written by Czolgosz to a man named John Krunick, at 2326 Oakley avenue. There is no such address. The letter was mailed in Buffalo shortly before he attempted assassination and the postoffice department returned it to Czolgosz. It is said that a man called Monday at a drug store near the address given on the letter and asked the Chicago postoffice by telephone to forward any mail for the Oakley avenue house to some other address. The letter had already been returned to Buffalo. The police are trying to locate this man Krunick.

**Ended His Life With Laudanum.**  
Murphysboro, Ills., Sept. 13.—Bud Gill, formerly a traveling salesman for a St. Louis wholesale liquor house, died here from the effects of laudanum taken with suicidal intent. It is known that Gill was worried over money matters.
